

Type	Disease
ALLERGIES (ALLERGOLOGY)	BV Allergy Bee Pollen Allergy Hay fever Ragweed polinosis
CARDIOVASCULAR DISEASES (CARDIOLOGY)	Acute rheumatic carditis Angina pectoris Arrhythmias Artheritis obliterans Artherosclerosis Atherosclerosis Atherosclerotic Arteritis of the Inferior Limbs etc. Capillary fragility Cardiac diseases (non-specific) Cerebral atherosclerosis Cerebral Trombosis Coronary Heart Diseases Flebitis Heart insufficiencies Haemorrhagies of vascular origin High Blood Pressure Liver congestion Peripheral Ischemic Degenerative Syndrome Peripheral Vascular Diseases Raynaud's Disease Slow peripheral blood flow Varicose ulcer Varicosis
BLOOD DISEASES (HEMATOLOGY)	Anaemia Coagulation diseases with aplasia Haemorrhagic gingivitis Hyperlipidaemia
Respiratory apparatus diseases (PNEUMOLOGY)	Allergic rhinitis (hay fever) Angina Asthmatic bronchitis Bronchial asthma Bronchiectasis Bronchitis Chronically cough Chronic non-specific diseases of lungs Cough Inflammatory diseases of the upper respiratory tract Influenza infection Laryngitis Non-specific chronic pneumonia Non-specific endo-bronchitis

	<p>Non-specific pneumonia Pulmonary tuberculosis Rhinitis Tracheitis Tuberculosis</p>
<p>Digestive apparatus diseases (GASTRO-ENTEROLOGY. HEPATOLOGY)</p>	<p>Affections of the liver cells Chronically hepatitis Chronically liver diseases Colitis (sub-acute and chronic) Constipation Gastro-duodenal ulcer Liver cirrhosis</p>
<p>Kidney diseases (Nephrology)</p>	<p>Chronically kidney insufficiency Kidney diseases (non-specific)</p>
<p>MUSCULOSKELETAL SYSTEM DISEASES (RHEUMATOLOGY, MYOLOGY, OSTEOLOGY)</p>	<p>Acute and Chronic Bursitis Ankylotic Spondylarthritis Ankylotic Spondylitis Deformans Arthritis Arthrosis Fibrositis Juvenile Arthritis Lateral Epicondylitis (Tennis Elbow) Muscle Tonus Problems Ligament Troubles Myalgia Osteoarthritis Periarthritis of the shoulder with calcifications Poliarthritis Deformans Psoriatic Arthritis Reduced Muscle Force (Weak Muscles = Hypotonia) Rheumatic afflictions of muscles, nerves and articulations, etc. Rheumatic diseases (non-specific) Rheumatoid arthritis Scheuermann's Disease (osteochondrosis) Spondyloarthrosis (Clinical Arthrosis) Traumatic Arthritis</p>
<p>NERVOUS SYSTEM DISEASES (NEUROLOGY)</p>	<p>Asthenia Cerebral Trombosis Chronic Pain Syndrome Dupuytren's Contracture Insomnia Lumbago Neuralgia Lumbar back pains Multiple Sclerosis (MS) Neuralgies</p>

	<p> Neurasthenia Neurotic Disorders Paresthesia related to Spondyloarthritis Meralgia Paresthetica Peripheral Neuritis Post-Herpetic Neuralgia Sciatica Zona-zoster </p>
<p>EYE DISEASES (OPHTHALMOLOGY)</p>	<p> Cataract Iridocyclitis Iritis Microbial inflammatory affections of the fore-pole of the eye Microbial inflammatory affections of the ocular annexes Ocular burns Ocular traumas Ocular annexes burns Ocular annexes traumas Status post-ophthalmic herpes Virus inflammatory affections of the fore-pole of the eye Virus inflammatory affections of the ocular annexes </p>
<p>Nose, ear, throat diseases (OTO-RHINO-LARYNGOLOGY)</p>	<p> Acute inflammations of the middle ear Acute rhino-pharyngo-tonsillitis Acute tonsillitis Chronic allergic rhinitis Chronic allerge-infected hyperplastic rhinosinusitis Chronic hypertrophic rhinitis Chronic hypotrophic rhino-pharyngitis Chronic laryngitis Chronic medium suppurating otitis Chronic otitis with acute mesotympanitis Chronic pharyngitis Chronic rhino-pharyngitis Chronic rhino-pharyngo-tonsillitis Chronic simple atrophic rhino-pharyngitis Cochleo-vestibular syndrome Diffuse external otitis External diffuse eczematous otitis Hypohearing Influenza infection Mesotympanitis Osenia Pharyngitis Phonasthenia Post-traumatic pharyngitis </p>

	<p>Sore throat Traumatic perforation of tympanum</p>
<p>SKIN DISEASES (DERMATOLOGY)</p>	<p>Acne Bedsore Breast skin sores Bruises ("Blue" skin after contusion) Burns and scalds Canker diseases Chronic furuncles Decubitus ulcer Degranulated Wounds Eczema Epidermophyses Erysipelas Folliculites Furunculosis Hair Loss High Sensitiveness Hydradenites Hyperkeratosis Infected skin lesions Intertrigo (infants) Low Sensitiveness Lupus Erythematosus Melanoma Moles Mycosis Fungoides Neurodermitis Parasitory sicosis Psoriasis Pyodermites Radiodermatitis Scars Scleroderma Seborrheic dermatitis Shank (calf) chronic ulcers Skin tuberculosis (adjuvant) Spots alopecia Total alopecia Topical Ulcers Tricophysis Trophic Ulcers Varicose ulcer Warts Wounds Zona-zoster</p>
<p>ENDOCRINE SYSTEM DISEASES (ENDOCRINOLOGY)</p>	<p>Adrenal glands diseases Cortisol Secretion Dysfunction Hyperthyroidism etc. Hypofoliculinic Disfunctional Syndromes</p>

	<p>Hypoglycemia Insufficiency of sexual hormones Irregular Periods Menstrual Cramps Mood Swings Premenstrual Syndrome (PMS)</p>
NUTRITION and METABOLIC DISEASES	<p>Abnormal cholesterol and triglycerides Anorexia (lack of appetite) Diabetes Dystrophies (dystrophy to children suffering of oligophrenia) General Metabolic Diseases (non-specific) Hyperlipidaemia</p>
GENITAL APPARATUS DISEASES (GYNECOLOGY)	<p>Cervix erosions Hypofolliculinic Disfunctional Syndromes Irregular Periods Leucorrhoea Menstrual Cramps Menstrual Cramps Mood Swings Premenstrual Syndrome (PMS) Sexual dynamic weakness Trichomonas vaginalis Vaginal sores (post-surgical) Vaginitis Vegetations Wounds (hardly healing) after gynaecological surgical operations</p>
Sexual diseases (SEXOLOGY)	<p>Benign prostatic hypertrophy Chronic prostatitis Insufficiency of sexual hormones Prostate and seminal vesicles inflammation Prostate inflammation (prostatitis) Sexual dynamic weakness</p>
IMMUNE SYSTEME DISEASES (IMMUNOLOGY)	<p>AIDS B-Cell Enhancement Systemic Lupus Erithematosus T-Cell Suppresion</p>
VIRAL DISEASES (VIROLOGY)	<p>AIDS Epstein Barr Virus Disease Flu Mononucleosis Post-Herpetic Neuralgia (Shingles) Warts</p>
CANCERS (ONCOLOGY)	<p>Basal cell carcinoma Chemotherapy (during)</p>

	Gynaecologic cancer (non-specific) Lymphoma Malignant melanoma Mammary tumours
Teeth and mouth diseases (STOMATOLOGY. DENTISTRY)	Canker diseases Caries Chronic peripheral parodontopathies Common chronic recurring aphtae Gingivitis Glossodynia Gum disorders Haemorrhagic gingivitis Labial cyclic recurring herpes Lip diseases Moniliasis Stomatitis after amygdalitis operation Ulcer stomatitis Ulceronecrotic stomatites
Parasitary diseases	<u>Chagas</u> <u>Malaria</u> Giardia lamblia Trichomonas sp.
Diseases, conditions which affects the whole body	Anorexia Convalescence Fever
Mental diseases (PSYCHIATRY)	<u>Alcohol addiction</u> (very good article in Spanish) Oligophrenia Schizophrenia
Children diseases (PEDIATRY)	Sucklings, dystrophics, convalescents and immatures
